

## APPEAL MADE TO ROOSEVELT TO AVERT BIG COAL STRIKE

### The Final Conference Between Miners and Operators Results in Wage Disagreement

**Anthracite Miners Have Already Been Ordered to Suspend Operations Next Monday and It is Not Likely That Even President's Intervention Will Prevent Bituminous Strike.**

Washington, March 30.—The cabinet adjourned today after a session of two hours and a half, mostly occupied in discussing the strike situation. Secretary Loch announced that the President has not yet answered the operators' telegram. There will probably be no definite step taken today.

Washington, March 30.—The coal strike seems to be up to President Roosevelt. This morning he received the telegrams from the operators at Indianapolis containing the resolutions passed by them last night requesting that he appoint a commission to investigate the bituminous coal situation in Ohio, Indiana, Illinois and Pennsylvania, and to report to the President its findings of facts and recommendations. The President will give the matter his most earnest consideration, but it is likely that before he shall take any definite steps toward the creation of such a commission he will ascertain the desires of the miners in the premises. It will be recalled that the anthracite coal strike commission of 1902 was appointed at the request of both operators and miners. In that instance, as in the present, the first public suggestion came from the operators. If the President follows the precedent established then he will proceed to obtain the consent of President Mitchell and the other representatives of the miners to this method of settling the pending controversy which threatens to become even more serious than the strike of 1902. In the former case the President acted in an unofficial capacity in bringing the operators and miners together. In the present case he would doubtless be able to act under the law creating the department of commerce and labor, which was not in existence when the anthracite commission was appointed. This law distinctly sets forth that the province and duty of the department shall be among other things, "to develop and foster the mining, manufacturing and labor interests of the United States."

Further, the law imposes upon the department "the duty of making from time to time such special investigations and reports as he may be required to do by the President."

As the law was passed in the winter following the anthracite strike it is assumed that the legislature had in mind the possibility of another great strike taking place, and thus made preparation for the contingency.

#### MEETING NEXT TUESDAY.

New York, March 30.—The meeting of the anthracite operators and miners in this city on Tuesday of next week to discuss the differences with the view of effecting an adjustment is regarded as a mere formality and no settlement is anticipated or thought likely. The positions of both the operators and miners are apparently unalterable and with a general strike in the anthracite field going into effect Monday the temper of the conference will not be improved. The miners are fixed in their demands for union recognition, an eight hour day and an increase in wages. The operators are equally firm in the declaration of their demands and make a counter proposition that the miners continue for another three years under the award of the anthracite strike committee. This counter proposition will be refused without doubt.

A general strike in the anthracite field of the 130,000 miners shows a weekly loss to these toilers of \$2,500,000. The operators have a 10,000,000 ton supply of coal on hand which they calculate will last eight to ten months. With the price of coal advanced, should such a general advance be determined on the operators will make a comfortable profit. It is the position of the operators at present though they say, to sell their coal at the present prices and when the supply is exhausted, if the public insist on them granting the increase pay to the

miners, they will submit and let the public pay the increased cost, which they figure will amount to \$1.20 more a ton. The strike fund of the miners is reported to be under \$2,000,000, which is much less than was in the miners treasury at the time of the last strike.

#### EFFECTS OF STRIKE.

Indianapolis, March 30.—Statistics of the miners strike:  
Immediately involved:  
Bituminous miners 115,000  
Anthracite miners 160,000  
Distribution of bituminous miners:  
First to strike 115,000  
Illinois 53,000  
Indiana 16,000  
Ohio 26,000  
First probable spread—30,000. Missouri, 8,000; Kansas, 10,000; Texas, 7,000; Indian Territory, 5,000.  
Second probable spread—27,000. Iowa, 14,000; West Virginia, 7,000; Michigan, 3,000; Kentucky, 3,000.  
Action yet undecided. Will probably join strike:  
Western Pennsylvania, 30,000; all other bituminous miners 100,000. Anthracite union 85,000; not union miners, 55,000.  
Involved in general strike:  
Total strikers, 550,000; dependent on mining for bread, 2,000,000. Fund of United Mine Workers, \$3,000,000; wage (daily) anthracite miners \$2.50; wage (daily) bituminous miners \$1.75; daily loss in wages (estimated) \$350,000. Production 1905 (bituminous) tons, 290,562,538. Production 1905, anthracite, tons 80,000,000.  
Coal stored against strike: Anthracite, tons, 20,000,000; bituminous, tons, 30,000,000.  
Daily consumption, bituminous, tons, 1,000,000.  
Daily consumption, anthracite, tons, 250,000.  
Anthracite strike of 1902: Miners and families affected 537,000; loss to miners in wages \$28,030,000; loss to other workers in mines \$6,457,000; loss to mine operators, \$52,250,000; loss to railroads, \$26,000,000; loss to other business interests \$35,935,000. Total loss through strike \$142,372,000.

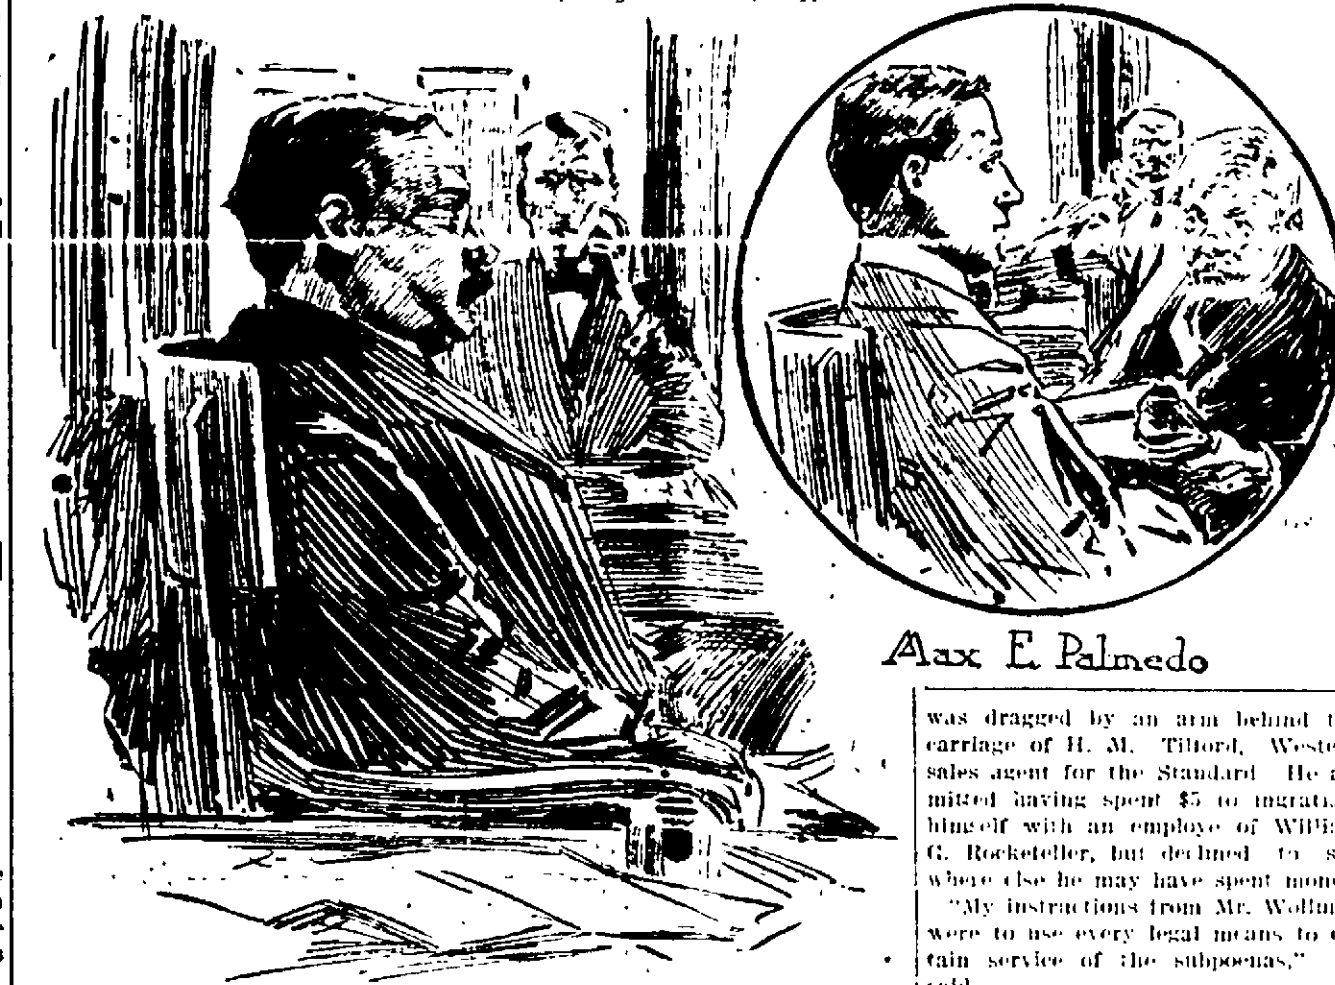

**WILL CLOSE EVERY COLLIERY.**  
Wilkesbarre, Pa., March 30.—The anthracite coal operators, as a result of the suspension order issued by the miners last night at Indianapolis, will close every colliery in the entire anthracite field. They are rushing preparations.

**CAUSES GREAT EXCITEMENT.**  
Scranton, Pa., March 30.—President Mitchell's order for the anthracite miners to suspend work Monday has created the wildest excitement in the upper anthracite coal fields. It came as a surprise, nothing of the kind being expected until after the meeting of miners and operators in New York next week. Superintendents of all the big companies in the upper field acting on the advice of others higher in authority, yesterday stated that the mines would all be operated Monday, and that the operators had no intention of closing down pending the discussion of the miners' demands. This morning they expressed great surprise that Mitchell had ordered a suspension.

The impression here is that President Baer will now break off all negotiations for the operators.

**MITCHELL BLAMES RAILROADS.**  
Indianapolis, March 30.—Squarish has President John Mitchell, of the United Mine Workers, laid blame on the railroads for the final disagreement of the joint conference of operators and miners, that the operators will ask President Roosevelt's intervention to avert a strike in the coal fields. By repeated blows Mitchell has forced upon the railroad interests among the operators a realization that if a coal strike begins April 1, it will be the most powerful and

## STANDARD OIL OFFICIAL AND MAN WHO SERVED HIM WITH SUBPOENA.

H. A. Telford

New York, March 30.—John D. Rockefeller is free to come to New York to take his new grandchild on his knee whenever he pleases to do so without fear of process server. Formal announcement to that effect was made by Attorney General Hadley on the eve of his departure for Missouri.

Most interesting of the concluding testimony before Commissioner Sanborn was that relating to the attempts to serve Mr. Rockefeller. Letters written by Henry Woolman, who has co-operated with Mr. Hadley in the

New York proceedings, to the head of the Standard Oil personally, addressed to No. 26 Broadway and to his residence here, and other letters sent to M. F. Elliott, grand solicitor of the Standard, and to Sullivan & Cromwell, who appeared in the proceedings as personal representatives of Stand-

ard and witnesses, were produced in evidence.

Max Palmado, a professional process server, was given the subpoenas to serve, and on the witness stand he told of some of his experience, including his latest exploit, when he

Max E. Palmado

was dragged by an arm behind the carriage of H. M. Telford, Western sales agent for the Standard. He admitted having spent \$5 to ingratiate himself with an employee of William G. Rockefeller, but declined to say where else he may have spent money.

"My instructions from Mr. Woolman were to use every legal means to obtain service of the subpoenas," he said.

Frank Hagerman, one of the leading Standard lawyers, gave Palmado an unpleasant half hour, but obtained little information, as the process server declined to answer many of the questions when he was informed by Mr. Hadley that he was under no obligation to do so.

H. M. Telford, H. C. Arnold and Harry E. Platt were the only other witnesses called. Mr. Telford could not recall having written many of the letters, copies of which were produced by Mr. Hadley, relating to the close connection between the business of the Standard and the Waters-Pierce Company.

## BATTLESHIP NEW JERSEY VERY SPEEDY

Boston, March 30.—The performance of the battleship New Jersey in maintaining a speed of 19.15 knots an hour in a four-hour endurance trial off the New England coast places this product of the Fore River Shipbuilding company at the head of all American-built battleships, so far as speed is concerned. The weather conditions were favorable, although in these endurance trials the condition of the wind and sea do not figure, the only question being as to whether the vessel is able to maintain the required number of revolutions a minute. Shortly after the conclusion of the run the minor tests of turning, stopping and full speed astern were held and pronounced to be successful.

## MYSTERY DEEPENS REGARDING MURDER OF SIX ITALIANS

Duluth, Minn., March 30.—The mystery surrounding the six gruesome murders which horrified the citizens of Minneapolis only deepened by the arrest of 11 Bulgarians who were residents of the house at 213 Tenth avenue south, Minneapolis, where the crime was committed. Cross-questioned individually, five of the 11 prisoners told the same story, and maintain their ignorance of it until they were enlightened by the police. If their story is true, the Minneapolis police have struck the wrong trail.

**TWO SUSPECTS DISCHARGED.**  
Fostoria, O., March 30.—The two Hungarians who were arrested last night, suspected of some connection with the murder of six Italians at Minneapolis recently, were discharged this morning. It was found they were not the men wanted.

## GRAND JURY IS TO INVESTIGATE INSURANCE

(Bulletin.)  
New York, March 30.—Justice Dowling of the Supreme court today granted the application of District Attorney Jerome and signed an order directing the commissioner of jurors to empanel a special grand jury for the May term for the purpose of investigating insurance matters.

**COMMITTED TO TOMBS.**  
New York, March 30.—Joseph P. Turner, for 30 years note teller in the National Bank of North America, was committed to the Tombs this morning by Magistrate Moss without bail, on a charge preferred by Bank President Curtis of the larceny of \$34,000. His possessions are said to have extended over five years.

## GOV. PATTISON BETTER FRIDAY

After Having Passed a Restless Evening With Signs of a Relapse Thursday.

Columbus, March 30.—At 10 o'clock the following bulletin was issued:  
"Governor Pattison had a more favorable night than was anticipated from his restlessness, which occurred in the early evening. He is resting quietly at present. Pulse 90, respiration 20, temperature normal. Wilson and Holt."

Columbus, O., March 30.—Governor Pattison experienced an unfavorable turn Thursday night. His physicians reported him more restless, their bulletin issued before midnight saying: "Governor Pattison is not quite so well tonight. During the latter part of the day and evening he has been more restless. Temperature, normal; pulse, 96; respiration, 20."

Hopefulness that had sprung up at the Pattison home during the day waned in the evening.  
No confirmation was made of the report that Mr. Pattison would be removed to his home next week. In fact, even during the best hours of the governor, Secretary Houck says this was not entertained by the physicians.

Secretary Houck said: "As I see the governor, and as I have it from the physicians, he is getting better day by day. I am very hopeful. All the members of the family are also. Of course, the unknown is always to be feared. The governor's mind is perfectly clear. He himself is hopeful. He thinks he will get well. In fact, I do not believe that he has any other thought."

When Governor Pattison was informed that the legislative session was nearing the end he said: "Ah! I am so glad they are through; now I shall be able to go back to Milford, and there I shall get well. They have done well. There are many good things that they have accomplished. But it is a relief to me to have it over."

Thomas E. Barrett, sheriff of Cook county, died after a lingering illness caused by a cancerous affection of the throat. Barrett was a prominent member of the Chicago board of trade.

Joseph D. O'Brien of Milwaukee was unanimously elected president of the American basketball association.

## BLISS COACHMAN SHOT ASSISTANT KILLS HIMSELF

New York, March 30.—David Burhan, coachman for Cornelius N. Bliss, the banker and treasurer of the Republican national committee, attempted to murder Thomas Hegerty, his assistant and groom to Mr. Bliss. He shot Hegerty twice and then killed himself. Hegerty was removed to a hospital, and is not expected to live. The shooting occurred in Mr. Bliss' private stables. It was witnessed only by the 19-year-old son of Burhan, who was too frightened to interfere. The two men had been fast friends and the police have been unable to assign a cause for the attempted murder and suicide. Burhan had been employed by Mr. Bliss for 12 years.

## KNOCKED OFF A MOVING CAR INTO THE RIVER

Tragic Death of J. L. Breen General Manager of a Street Car Line in Dayton.

Dayton, O., March 30.—J. L. Breen, general manager of the People's Street railway line, was riding on the front platform of one of his own cars, crossing the Miami on the temporary bridge at Washington street, when he leaned out to look forward and was struck by a post. He was knocked from the car and into the river. Men in boats are now present in force searching for the body. Mr. Breen was about 40 years old and a Virginian by birth. He entered the streetcar service in Philadelphia and went from there to Chicago. Several years ago he came to Dayton to take charge of the People's line as general manager. He leaves a wife and several children.

#### Speeches on Rate Bill.

Washington, March 29.—The senate listened to speeches on the railroad rate bill by Messrs. Clay, Cushman and Newlands, and then debated and passed a bill which provides for the reorganization of the national department of the army by authorizing the appointment of officers to take the place of contract surgeons. All the senators who spoke on the rate bill indicated a purpose to support it, but Mr. Clay expressed the hope that it would be so amended as to afford a limited court review of the orders of the interstate commerce commission. Mr. Hale criticized the military medical bill as showing a tendency to increase the army, which he said was not desirable in a time of peace.

The Bishop of London, generally regarded as one of the wisest prelates of the Church of England, has proclaimed himself an ardent friend and patron of the drama.

## ENTOMBED MINERS RESCUED AFTER TWENTY DAYS SUFFERING

### Were Victims of the Disaster at Courriers, France, and Had Been Given Up as Lost

**The Doomed Men Took Refuge in a Mule Stable and Subsisted on the Lunches of Their Comrades Who Had Been Killed and When This Was Exhausted They Resorted to Wheat and Oats.**

Leves, France, March 30.—Fourteen miners who were entombed in the Courriers mine at the time of the great fire disaster here March 10, were taken alive from the mine this morning by a searching party which was engaged in exploring the mine. The men had lived 20 days shut off from the world and almost deprived of air. With one exception they were all well when reached by the rescuers, although they could not have lived much longer. The rescued miners were taken from shaft No. 2. As the searching party was engaged in this shaft noises were heard. The explorers called out and there were answers to their shouts. They began digging hurriedly in the direction from which the answers came and finally dug out the miners. They were quickly taken back to the foot of the shaft and lifted to the ground above.

When they were cut off from escape by the explosion and fire which followed the miners took refuge in a stable used for the mules employed in the mine. They had subsisted for days on the lunches of the dead comrades which had been taken down the day of the disaster. When this food had been exhausted they resorted to eating wheat and oats, which were kept in the stable for the mules. Water was also found and in this manner the entombed miners managed to sustain their lives.

There was little nourishment, however, in this food, and it would only have been a question of hours

## CONDEMNED MAN FIGHTS OFFICERS ON THE SCAFFOLD

(Bulletin.)  
Baltimore, March 30.—Isaac Winder, the negro murderer of Reinhardt, the tollgate keeper, a few weeks ago, was hanged today. The condemned man struggled and fought desperately for ten minutes until beaten into submission by five officers and placed over the trap. It was the most exciting scene ever witnessed at an execution in Maryland.

## BANK BILL DEAD

(Bulletin.)  
Columbus, March 30.—The Thomas bank inspection bill will not pass the Senate. Representatives of the smaller banks made a strong fight against it, as a device of the national banks to stifle competition and it was found impossible today to get a majority of the banking committee to sign a favorable report.

#### Elections in Russia.

St. Petersburg, March 29.—The first general elections to the Russian national parliament took place Thursday, when 12 members of the council of the empire were chosen by a congress composed of representative associations of trade and industry throughout European Russia. There was no speechmaking. The members chosen are all well known men of affairs and of high standing in their respective communities. They are all conservatives.

## WILL EXPERIMENT ON TWO CORPSES IN PATRICK CASE

To Verify Convicted Lawyer's Contention That Embalming Fluid Caused Rice's Death.

New York, March 30.—Four years after the date on which he was convicted of the murder of William Marsh Rice, the Texas millionaire, Albert T. Patrick's plea that an actual test be made to prove or disprove his contention that embalming fluid, and not chloroform, was the cause of the condition of Rice's body has been granted. It was the office of District Attorney Jerome, and not the defense of Patrick, however, which has undertaken the investigation. It was Patrick's contention that the embalming fluid administered after Rice's death produced, and would produce in another case, such conditions as physicians who testified in the case ascribed to chloroform poisoning. The bodies of two patients who died at a local hospital will be used in the experiment.

## 11,000 IMMIGRANTS CAME IN THURSDAY

New York, March 30.—Over 11,000 immigrants arrived in the harbor of New York Thursday on board seven steamships from European ports. This number is the record for a single day which has been made thus far during the annual spring rush of immigration. Ellis Island, where these immigrants are examined and either rejected or admitted to the United States, can care for less than half of the arrivals. Its limit being 5,000 daily. Those who cannot be landed will be kept in the harbor on their steamers until later in the week. These immigrants include the following nationalities: English, Irish, Germans, Swedes, Hungarians, Italians, Portuguese and Russians.

## BIG MEETING OF THE CITY LEAGUE

A very important meeting of the former City League managers will be held tonight at 7 o'clock in the editorial rooms of the Advocate office. All City League managers and those interested in the advancement of amateur baseball are urgently requested to be present. The question of reorganizing the City League will be discussed.

## BASEBALLS MUST BE LABELED HERE

Says Zanesville Paper in Commenting on the Two Baseball Teams Here.

The sport writer on the Times-Recorder at Zanesville looks upon the baseball situation in Newark from a humorous standpoint. The T.-R. on Thursday printed the following: Manager "Cotton" Bates has a rival up at Newark in the person of Will D. Harris, who has assumed baseball dignity—about a half peck of it at that—and announces that he will manage the independent club which is to back the O. and P. league team.

Mr. Harris, who is manager of Idlewild park, says that his park will be represented by one of the fastest independent baseball teams in this section, since the Newark Baseball Co. decided to build its own park. Mr. Harris has further issued a challenge to the Newark O. and P. team for a game or series of games. He is confident that he will "show up" somebody.

The funny snap of the whole business is the fact that the parks of the two rival teams are located just across the street from each other.

This suggests a terrible possibility. Suppose a member of one team accidentally dumped a foul fly into the grounds of the other while a game was on. Wouldn't it footeze a fielder to have a couple of fly balls coming at him at once? Rather think it would.

As a remedy we would suggest that each club label its baseballs with the name of the club in large letters, so that a fielder may be able to distinguish the two spheres while they are still in the air. "Bunnies" might be painted on those of the Newark Baseball Co. and "Idlewilders" on those of the park team. "Whitewash" could be used appropriately for daubing on the letters.

Again, wouldn't it confuse an innocent passerby to have a line of bleachers on either side of the road yelling like mad? Further, how is a stranger in the town going to know which is which? Each club might employ gaudy-colored porters to cry its attractions. Etc., etc., etc.

Macon, Ga., March 30.—A big suburban trolley car on the Vineville line plunged over a 10-foot embankment here, injuring six passengers. The injured are: Mrs. Charles Woodruff, Mrs. J. T. Fenelon, Mrs. S. W. Coven, Mrs. T. B. Shindler and a young son of Dr. J. D. Dewberry, all of Macon, and Mrs. Sarah Follett of New York. None of the injuries are thought to be serious.

## STATE NEWS

Guilty of Manslaughter.

Cambridge, O., March 30.—Guilty of manslaughter was the verdict of the jury Thursday afternoon in the case of John Galo of Black Top mine charged with shooting Mike Gavalo. As the words of the foreman of the jury sealing his fate were heard Galo leaned forward in his chair with his face in his hands and seemed for the first time since the trial began to realize the seriousness of his situation.

The trial lasted but three days, going to the jury at 6 o'clock Thursday morning. The jury was out about three hours and 30 minutes. Galo was remanded to jail.

\$50,000 Oil Deal.

Marlette, O., March 30.—Oil property to the value of \$50,000 changed hands in a deal which has been completed in this city, by which three Sistersville mines, Messrs. Struthers and McCoy, take over a 40 barrel production in the Tunnel field. Messrs. G. D. Berry, Warren Berry and Mr. J. Davis, equal partners and prominent oil men of this city, were the men who sold the production.

Used a Pocketknife.

Fremont, O., March 30.—Phillip Kalb stabbed and seriously wounded his brother, John Kalb, and also the latter's wife, with a pocketknife, and then sought to commit suicide by hacking his throat with a pair of shears. The bloody affray followed a dispute during a division of property bequeathed the brothers by their mother, who left a large estate. The would-be murderer is thought to be insane.

Excursion Rates Raised.

Cincinnati, O., March 30.—At a meeting in this city the general passenger agents of the central territory decided that the tickets for popular excursions, which are to begin this year on April 15, shall be at a slightly higher rate, differing according to local conditions, but averaging about 25 cents to the ticket. The new rates will apply alike to midweek and Sunday excursions.

Susan B. Anthony Memorial.

Grand, O., March 30.—The Niles-Grand suffrage clubs will raise funds for the erection of a monument to the memory of Susan B. Anthony. All suffragists in America will be asked to join in the movement. The monument will be erected in the park adjoining the grounds of the National Suffrage association at Warren.

Got Twelve Years.

Staubenville, O., March 30.—Moses Chivers, a saloon keeper, who was convicted of manslaughter for the killing of James Cummings of Pittsburg, was sentenced to 12 years in the penitentiary.

Nickel Plate Improvements.

Cleveland, O., March 30.—Improvements of an extensive character to the equipment of the New York, Chicago & St. Louis railroad (Nickel Plate) were announced by General Superintendent A. W. Johnston. The cost of the contemplated improvement will approximate \$2,000,000. The road will be double tracked between Cleveland and Lorain, a distance of 22 miles, and between Stoney Island and Osborn, near Chicago, a distance of 20 miles. Johnston said that eventually the road will be double tracked from Cleveland to Buffalo.

Bartender's Deed.

Cincinnati, O., March 30.—Charles Gehrun, a bartender in his father's saloon, after treating all his friends to a round of drinks, suddenly drew out his pocketknife and fatally slashed his throat from ear to ear. Gehrun some time ago stabbed and seriously wounded Policeman Harry Fox.

Colonel Guthrie.

Cincinnati, O., March 30.—Colonel J. V. Guthrie, 66, whose leadership in a desperate charge at Chickamauga has been commemorated in bronze on the monument of the Nineteenth Illinois volunteers at Chickamauga park, died at his home in this city.

Turned Gun on Self.

Ravenna, O., March 30.—O. D. Wheeler, 70, shot himself through the head following a quarrel with his invalid wife, at whom he fired two shots. He will die.

Zanesville Elks Elect.

Zanesville, March 30.—Zanesville lodge No. 114, B. P. O. Elks, at the meeting of its members effected the election of officers for the new year. Following the election H. A. Sharpe tendered the members a banquet.

H. C. Pugh, exalted ruler; H. A. Buerhaus, esteemed leading knight; D. M. Weber, esteemed loyal knight; A. L. Gable, esteemed leading knight; G. H. Geist, secretary; W. C. Conrad, treasurer; C. D. Wedge, trustee; H. A. Sharpe, delegate to grand lodge; W. C. Hanks, alternate; J. R. Lammiman, delegates to Ohio association of Elks; J. R. Lammiman, D. M. Weber, C. O. Vinsel, H. A. Buerhaus.

## The Cause of Many Sudden Deaths.

There is a disease prevailing in this country most dangerous because so deceptive. Many sudden deaths are caused by it—heart disease, pneumonia, heart failure or apoplexy are often the result of kidney disease. If kidney trouble is allowed to advance the kidney-poisoned blood will attack the vital organs or the kidneys themselves break down and waste away cell by cell.

Bladder troubles most always result from a derangement of the kidneys and a cure is obtained quickest by a proper treatment of the kidneys. If you are feeling badly you can make no mistake by taking Dr. Kilmer's Swamp-Root, the great kidney, liver and bladder remedy.

It corrects inability to hold urine and scalding pain in passing it, and overcomes that unpleasant necessity of being compelled to go often during the day, and to get up many times during the night. The mild and extraordinary effect of Swamp-Root is soon realized. It stands the highest for its wonderful cures of the most distressing cases.

Swamp-Root is pleasant to take and sold by all druggists in fifty-cent and one-dollar sized bottles. You may have a sample bottle of this wonderful new discovery and a book that tells all about it, both

Crushed by Elevator.

Washington, March 30.—Mrs. Mary C. Wallace of Denver was terribly injured in the public elevator in the senate wing of the capitol by attempting to leave the car while it was in motion, and she died shortly afterward. A coroner's inquest will be held.

## IRON AND TRADE REVIEW

Cleveland, O., March 30.—The Iron Trade Review in its current issue, discussing the probable effect of the impending coal strike on the steel and iron industry, states that naturally its influence has been first felt by the coke industry where prices have stiff-

In finished materials a somewhat lighter current business is noted. It is believed, to the known inability of mills to make prompt delivery. Specifications of structural materials continue at an enormous rate. New business in plates is relatively light and mills are catching up, though steel car requirements continue for a large tonnage. The recent advances of \$1.50 placed by a leading interest on sheet bars is being firmly adhered to. Mills are running to capacity chiefly on old contracts. Competition is brisk for current business.

The opening of spring has brought about the strongest demand for wire products in years. Smooth and barbed wire, wire nails, fencing and bale ties are eagerly sought and mills cannot keep pace with their orders. Jobbers' stocks are low and prices are strong. Bar iron is slightly firmer with special floats consistent. Recent large car contracts have strengthened the situation and have checked steady decline in scrap.

## AMUSEMENTS

### A GOOD PLAY WELL GIVEN.

"The Last Rose of Summer" a really meritorious production, was presented to a small audience at the Auditorium, Thursday night, by a capable company headed by W. B. Patton, the author of the piece, a young actor who more than fulfilled the promises of the press agent.

His characterization of "Dexter Hunt," the hero of the piece was always rational and at times highly artistic. Mr. Patton was ever equal to the portrayal of his own creation, that of a young man who combined a wide experience of the ways of the world, with an almost childish simplicity in the straightforwardness of his intercourse with both men and women. The imperiousness of his manner, his peculiarly fascinating drawl in speaking in a most subtle manner, cloaked the native, although latent power of the man, which, when aroused, could know no defeat in combating seemingly adverse circumstances. A knowledge of the evil in life, by which he had been tempted, and to which he had yielded, only to again rise triumphant, gave him absolute confidence in his own power, but seemed also to develop a sympathy

for others who had also tasted of the bitter fruits of wrong doing. The play deserved a better house, which Mr. Patton can be assured upon his return next season with his new play "The Slow Poke," a western drama which he now has in preparation.

At the ripe old age of 50 years John J. McGonagle, one of the oldest and most highly respected residents of Perry county, passed to the great beyond at his late home in Moxahala, Tuesday, March 20, after a prolonged illness. Death was caused by infirmities incident to old age.

### MIDSUMMER CARNIVAL.

On Thursday evening, April 5, the Crescent rink will treat their patrons to a pleasant surprise in the nature of a mid-summer carnival. Skaters will dress in mid-summer attire and liberal prizes will be awarded.

To add to the attractiveness of the occasion the rink will be lighted with semi-moonlight and elaborate musical programs will be arranged, similar to those used at the introduction of the original Crescent moonlight, which has been so popular and popular among Newark skaters.

The management of the Crescent is always putting forth their best efforts to furnish clean amusements for their patrons and the mid-summer carnival next Thursday evening, promises to release anything thus far attempted.

On Thursday, April 12th, the Crescent will give a "Picture Hat Carnival" which promises to be a decidedly novel affair. Prizes will be given for the most attractive hat appearing on the skating rink which will certainly make it a unique attraction.

Under the patronage of the "Honorables" Union, there has been opened in Hamburg, the first of the schools to be established in German cities for the improvement of domestic servants.

## OBITUARY

### MRS. LUCY MCCARTHY.

The many friends of Mrs. Lucy McCarthy, the estimable wife of Mr. J. C. McCarthy, a popular employee of the Baltimore and Ohio railroad company at Chicago Junction, will be pained to learn of her death, which occurred at the Newark Sanatorium on Thursday afternoon at 2.50 o'clock. Mrs. McCarthy, who had been suffering with a tumor for some time, was brought to Newark and underwent an operation on Sunday, March 18. She was getting along nicely and her friends had hope of her rapid recovery, when she had a relapse on Wednesday morning, after which she rapidly grew worse until Thursday evening when she passed away.

The deceased was a daughter of the late D. and Mar. Fisher, and was a most estimable woman. She was born December 8, 1862, and was married October 27, 1891, to Mr. J. C. McCarthy. Besides the husband, three children survive, Florence, Anna and Clyde McCarthy. The deceased was also survived by four sons and three daughters. They are Mr. J. M. Schlegel, Mrs. Charles Deiderich, Mrs. Anna and Emma Fisher, Mrs. William, Charles and Joseph Bader.

Funeral services will be held at St. Francis de Sales church on Sunday afternoon at 1 o'clock, conducted by Father O'Donoghue and the interment will be made in Mt. Calvary cemetery. On Monday morning requiem High Mass will be held at the St. Francis de Sales church.

### INTERMENT IN COLUMBIAS.

The remains of the infant child of Mr. and Mrs. Goldberg were shipped to Columbus, Friday morning, and the interment was made in the Jewish cemetery, that city. The child died Wednesday afternoon at three o'clock.

### MR. MOORE'S FUNERAL.

The remains of the late Mr. Geo. P. Moore were taken to the home of his nephew, John B. Moore, No. 9 North Fifth street, where they will be until the time of the funeral services at First Presbyterian church at 2 p. m. Saturday.

### JOHN J. MCGONAGLE.

The New Lexington Herald prints the following account the death of John J. McGonagle, the venerable father of Messrs. James and Edward McGonagle of Newark:

At the ripe old age of 50 years John J. McGonagle, one of the oldest and most highly respected residents of Perry county, passed to the great beyond at his late home in Moxahala, Tuesday, March 20, after a prolonged illness. Death was caused by infirmities incident to old age.

Mr. McGonagle was one of those men, esteemed, honored, respected and loved by all who knew him. He was known for his charity, ever extending a helping hand to those in need. During the three quarters of a century of his existence he did much good in this vale of tears. He was of a cheerful and energetic disposition, always thinking of others before self.

The last sad rites over his remains were held at St. Rose's Catholic church Friday morning, a solemn mass of requiem being celebrated by Rev. C. C. McGonagle, O. P., a son of the deceased.

Besides a widow, the deceased is survived by nine children, three brothers, one sister and a legion of friends.

### MRS. BRUCE TAYLOR.

Mrs. Taylor, wife of Mr. Bruce Taylor, a well known farmer residing at Wilkins, this county, died at her home there on Friday at 12 o'clock, noon, of traumatic coma. She had been sick with locomotor ataxia for the past two years and a half. The deceased was aged about 60, and is survived by her husband and several children. Mr. Frank Taylor, the contractor of this city, is a son. At this writing no arrangements have been made for the funeral.

## RHEUMATISM

### TROUBLESOME PAINS AND ACHES

While Rheumatism is usually worse in Winter because of the cold and dampness of a changing atmosphere, it is by no means a Winter disease entirely. Persons in whose blood the uric acid, which produces the disease, has collected, feel its troublesome pains and aches all the year round. The cause of Rheumatism is a sour, acid condition of the blood, brought about by the accumulation in the system of refuse matter, which the natural agencies of bodily waste have failed to carry off. This refuse matter coming in contact with the different acids of the body, forms uric acid which is absorbed by the blood and distributed to all parts of the body, and Rheumatism gets possession of the system. Rheumatic persons are almost constant sufferers; the nagging pains in joints and muscles, are ever present under the most favorable climatic conditions, while exposure to dampness or an attack of indigestion will often bring on the severer symptoms even in warm, pleasant weather. Liniments, plasters, lotions, etc., relieve the pain and give the sufferer temporary comfort, but are in no sense curative; because Rheumatism is not a disease that can be rubbed away or drawn out with a plaster. S. S. S. is the best treatment for Rheumatism; it goes down into the blood and attacks the disease at its head, and by neutralizing the acid and driving it out, and building up the thin, sour blood, cures Rheumatism permanently. Being made entirely of roots, herbs and barks, S. S. S. will not injure the system in the least. Book on Rheumatism and any medical advice without charge.

## HOW WILL CONVICTS TOIL?

Wertz Law Raises Doubt as to Whether New Prisoners Can be Put on Contracts.

Columbus, March 30.—Can prisoners relieved from now on at the penitentiary be placed at contract labor?

This interesting question has arisen since the passage by the Senate yesterday of the Wertz bill, abolishing labor at the penitentiary after the present contracts expire. The house had previously passed the measure, which will now become a law, unless vetoed by Governor Patterson, an unlikely event.

The bill provides that the prisoners in the penitentiary can work on material for roads and for other state institutions, and abolishes the making of goods on contract, which has heretofore been such a prominent feature in the work of convicts.

There are, however, a large number of contracts which have not as yet expired, one of them running for five years. The question naturally arises whether prisoners relieved from now on at the penitentiary can be placed on this work. The board of managers will probably be asked to make a decision shortly.

## BANKER CONVICTS SHOW CHILDLIKE SIMPLICITY

Bring Toilet Articles With Them to Prison—Ask Duplicate Keys to their Cells.

Columbus, March 30.—The credulity and childlike simplicity of C. M. Traver and O. C. Lillie, the Conant bankers who were relieved at the penitentiary to serve six years for violations of the United States banking laws, astonished the guards at the institution who have been trying for the last two days to learn all the whims and eccentricities of their distinguished prisoners.

They arrived at the penitentiary with two suit cases packed with toilet articles a large part of which was, of course, taken from them. The remainder the guards deposited in their cells and the bankers seemed much surprised when warned by the guards that it would possibly be better for them to see that their cells are locked whenever they are out of them. The two men seemed disposed to believe that none of the convicts would stop to steal a small toilet article.

Their first unusual demand of the guards was for duplicate keys to their cells that they could enter them at will.

Inasmuch as even the sight of the keys is most jealously guarded by the attendants their demand was of course refused.

After they had been assigned to their cells their grips were returned to them. One of the most stringent rules in the penitentiary forbids the prisoners from smoking in their cells, but Messrs. Traver and Lillie knew not of the existence of such rules, and consequently were much surprised when their Havana cigars were found missing as well as their meerschaum pipes, and the fact that a trusty was allowed to smoke while they were denied that privilege was a bitter pill for them. It is said, however, that they are tractable prisoners, and the guards expect to have little trouble with them.

## MISTAKES MADE BY THE REPORTERS

Baltimore, Md., March 30.—An attack upon the newspapers of the country, and especially upon the daily

## Bad Blood

Is responsible for most of the diseases and ailments that afflict humanity. To rid yourself of it take Hood's Sarsaparilla.

Journals of New York and Washington was made by Dr. T. M. Buckley of New York, editor of the Christian Advocate, during his address before the Baltimore conference of the Methodist Episcopal church Thursday. Dr. Buckley's introduction called forth rounds of applause, but when he continued with a rambling criticism of newspapers and the mistakes made recently by reporters in writing of Methodist church matters, interest lagged very noticeably. The speaker told how badly his remarks at a conference held in Washington some time ago had been twisted by a representative of a paper of that city, as an illustration of the way in which Methodists and their church have been misrepresented by the press. Not satisfied with attacking the dailies, Dr. Buckley carried his criticism into several magazines, and spoke slightly of the ability of either the Outlook or the Independent to properly report matters pertaining to Methodism.

## "WALD WOLLE" OR FOREST WOOL.

In Germany and Sweden the great Pine forests furnish not only timber and medicinal, but clothing as well. The Pine leaves are treated with a solution of soda and the fiber applied to textile purposes under the name of "Wald Wolle," or forest wool. It has some resemblance to coarse wool and is spun and woven into blankets and garments that are said to be warm and durable. The Pine medicates the cloth so perfectly that eruptions and skin diseases are unknown to the wearer.

The medicinal properties of the Pines are known throughout the world. Dr. Leach, an eminent authority on diseases of the throat and lungs, established a camp for consumptives in the Pine Woods of Maine and made so many remarkable cures there that his treatment attracted great attention from the medical world. His methods were endorsed by the highest authorities. The treatment was very simple, consisting of open air exercise, deep breathing and nourishing food. Every four hours the patient was given one teaspoonful of a mixture of the Pure Virgin Oil from the White Pine Trees combined with Whisky and Glycerine in the following proportions:

Virgin Oil of Pine (Pure) . . . 1-2 oz.  
Glycerine . . . . . 2 oz.  
Whisky . . . . . 8 oz.  
This treatment strengthened the lungs and healed the bronchial tubes. Dr. Leach claims this treatment will break a cold in twenty-four hours and cure any cough that is curable. The ingredients can be secured from any good prescription druggist at small cost and can be easily mixed in your own home.

Inquiry at the prescription department of one of our leading druggists elicited the information that Virgin Oil of Pine (Pure) is put up only in half-ounce vials for dispensing. Each vial is securely sealed in a round wooden case, with engraved wrapper with the name "Virgin Oil of Pine (Pure)" plainly printed thereon. Only the cheaper oils are sold in bulk, but these produce nausea and never effect the desired results.

## DEMOCRATS

WILL CONTROL NEXT NATIONAL HOUSE SAYS G. A. R. COMMANDER

If the Republican Party Continues to Slap at Civil War Veterans, Either the Blue or Gray.

Atlanta, Ga., March 30.—"If the Republican party continues to slap at the Grand Army men as it has been doing recently I would not be surprised to see the next House Democratic," is the statement made by "Corporal" Tanner, commander-in-Chief of the G. A. R., when discussing the fight led by Chairman Tammey, of the Appropriation Committee, to have all civil employees removed from government service who have reached the age of 70 in 1917.

"I am making this fight," said Corporal Tanner, "for all veterans. This is a resumed country. Do you know that this would hurt hundreds of Confederate veterans in office, as well as Union men?"

"It is the young blood of the House that is doing this. They must realize that when they strike at the old boys there are 5,000,000 of sons, and consequently of the old boys who can strike back at the ballot box. I don't think there should be any law cutting off man's service in office on account of age. I am willing for a man to be indicted individually, and if he is incompetent, of course, he must go, but not to say arbitrarily that because a man is 70 he must be shoved."

Leaders of the Serbian regime will shortly be placed on the retired list, thus paving the way for a resumption of diplomatic relations with Great Britain.

## IMMUNITY TO WITNESSES

Granted by the Dever Bill in Anti-Trust Proceedings.

## MEASURE PASSES THE HOUSE

Stockwell Street Railway Franchise Proposition is Lost in the House. Franchise Tax Measure Thought to Be Dead—Bills Passed by the General Assembly.

Columbus, O., March 30.—By a most decisive vote the house of representatives passed the Dever bill authorizing courts to grant complete immunity to witnesses in trust investigations and common law cases. Under the provisions of the measure witnesses are compelled to testify and, when requested, to produce books and papers.

Bills passed by the house: H. B. Mr. Stephenson, authorizing mayors of villages to appoint a commission to build municipal electric light plant; S. B. Mr. Lawyer, giving to ship canal companies the right of eminent domain (intended to fit Ohio-Erie canal to Pittsburgh); S. B. Mr. Hynes, requiring officials acting under highway law to secure release from damages caused by change of grade before filing application for improvement.

The senate agreed to the report of the conference committee on Senator Crist's bill to give building, loan and savings associations the same powers in dealing with minors as banks and to acquit them of responsibility.

Representative Conroy's proposition fixing duties and compensation of prosecuting attorneys was amended and passed by the senate. Compensation is based on population. The Elson house bill permitting amateur baseball playing on Sunday also passed the senate.

The joint resolution to adjourn finally on Monday next was brought out by the finance committee. The resolution was adopted by the senate by a vote of 27 yeas to 9 nays, so next Monday will be the last day of this session.

**Regulates Freight Rates.**  
Mr. Wertz's bill to regulate railroads and other common carriers of the state passed the senate. The measure creates a board of railroad commissioners with power to pass on rates and fixes salaries of commissioners and defines their duties.

Senator Vanover reintroduced his public franchise bill in order that it will be ready for business in 1908.

Mr. Harper's house resolution to submit to a vote of the people the question as to whether municipal bonds should be taxed was adopted by the house. Vote, 78 yeas, 20 nays.

The senate adopted the house resolution of Mr. Stewart to appoint a joint committee of the house and senate to revise and codify the insurance laws of Ohio, and make recommendations relative thereto.

Mr. Ward's resolution providing for the appointment of six commissioners by the governor to examine into the question of a new site for the Ohio penitentiary was adopted by the house.

Senator Gayman offered a resolution to provide for the appointment of a commission of five or seven members by the governor to prepare taxation amendments to the constitution.

**Franchise Bill Lost.**  
The house defeated the following: H. B. Mr. Stockwell, providing that street railway franchises must be submitted to a vote of the people upon a petition of 10 per cent and providing for real competition for renewals; S. B. Mr. Lamb, limiting the jurisdiction of justices of the peace to the town-

## A Weak Heart

Seldom gets strong again without help. Awake or asleep, it never stops, and consequently has no period of rest or relaxation in which to regain lost vigor. You should avoid exertion, excitement and worry as much as possible, to relax the strain, and take Dr. Miles' Heart Cure, which is a heart tonic, to strengthen and restore vigor to the heart nerves and muscles. The symptoms of a weak heart are shortness of breath, palpitation, feeble or too rapid pulse, hungry spells, hot flashes, dizziness, smothering spells, pain in heart or side, etc.

"I had been treated for heart disease by different physicians without any improvement. Finally my doctor informed me that there was little hope of my ever being able to do a day's work again. About that time a gentleman called upon me, and said, 'I heard of your condition, and have come to tell you that Dr. Miles' Heart Cure saved my life, and I want you to try it.' I did so, and after a week or so I went to my physician and told him I had been taking Dr. Miles' Heart Cure. He examined me and said, 'God bless Miles' Heart Cure, it has made you better in a few days than I ever expected to see you again.' I am now well, having fully regained my health by the use of this remedy."

ship in which they were elected; H. B. Mr. Smith, salary bill for county surveyors (indefinitely postponed).

Senator Howe's bill providing for a tax upon the franchise values of the quasi-public service corporations was virtually killed by the refusal of the senate to take it up out of its regular order. The vote against the motion of Senator Howe was 17 to 16.

The Alkin bill, which increases the Dow tax from \$350 to \$1,000, will be tested in the courts by the brewery interests. Senator Hafner had a formal protest against the senate action on the bill spread upon the Journal. Exceptions are taken to the rulings of Lieutenant Governor Harris.

## THE OLDEST MASON'S 106TH BIRTHDAY

Lempster, N. H., March 30.—William Welch, who is said to be the oldest surviving member of the Union army in the civil war and the oldest member of the Masonic order in America, celebrated his 106th birthday here Thursday. He was born in St. Andrews, N. B., on March 29, 1800, but has spent the greater part of his life in this town.

## DEATH BY POISON

Why It Is So Hard to Protect the Public by Law—A New Plan Is Advocated.

When your druggist sells you exactly the same amount of opium, morphine or other narcotics, without the mixture to disguise it contained in patent medicines, so called cough cures and soothing syrups, the law compels him to label it "Poison."

The majority of such preparations contain these nerve deadening drugs in some form.

That is why we have said that those selling these deadly drugs under the name of some patent medicine or cough cure should be compelled by law to print the formula on each package, telling what is contained.

The ingredients of Father John's Medicine are absolutely pure. It is a Food Medicine, it builds you up and makes strength at the same time that it cures colds, throat and lung troubles, and prevents grip, pneumonia and consumption.

The more you take of this old remedy the better you are. By buying the \$1 bottle you get three times the quantity contained in the 50-cent size. For sale at City Drug Store.

## SPRING FESTIVAL

Of the Granville Musical Festival Association—Reserved Seats—Soloists and Dates.

Granville, March 30.—The reservation of seats for associate members will take place in the Town Hall, on Wednesday, April 4, at 2:30. The chart will be open at the book store after that date. The sale has been exceedingly good and the solicitors have reported even better success than last year. It would be wise to purchase your tickets at once as the seating capacity will not be over sold and from the reports now in from Johnstown, Alexandria, Pataskala and Granville it is estimated that the seats are nearly all sold. The dates are as follows:

Dr. Gantvoort, Tuesday, April 19, 2:30 p. m.  
Soloist and Chorus, Wednesday, April 11, 8 p. m.  
Cincinnati Orchestra, Wednesday, April 12, 8 p. m.  
Cincinnati Orchestra, Thursday, April 12, 8 p. m.

The program is arranged for surpass these of last year and will undoubtedly be most satisfactory to the public.

The festival movement seems to have met with universal approval in both town and college. It is gratifying to the promoters and verifies their faith in the loyalty and enthusiasm of Granville to worthy causes. It is a matter of congratulation that Granville should have a festival larger than any other similar organization excepting Cincinnati, in the State.

The Denison University Glee Club will make its spring trip alone as the Granville club will not accompany the glee. The boys leave Friday morning for Bowling Green where they will give a concert on Friday evening. On Sunday afternoon the club will sing at the Toledo Y. M. C. A. and at the Ashland Avenue Baptist church in the evening. The boys will give the Toledo entertainment on Monday evening.

**GAS SUPPLY CUT OFF.**  
At Johnstown Tuesday Caused Some Inconvenience—Other Items from Johnstown.

Johnstown, O., March 30.—The daughters of Mrs. Sarah Sanford and one son W. K. Sanford of Croton together with other relatives, gathered at her home to celebrate her seventy-fifth birthday anniversary. At the noon hour all were invited to a fine dinner to which all did full justice. The afternoon was spent in music and visiting and each one had a jolly good time. These from a distance were Mrs. L. A. Sanford, Mr. and Mrs. William Sanford and family of Granville, Mrs. Duggins and Mrs. Bowers of Newark.

Mrs. Pearl Duckworth entertained with a "shower" at her home Monday evening in honor of Mr. W. A. Grace, recently married. A large number of the ladies were present and bestowed upon the honored one many beautiful gifts as testimonials of the high esteem in which she is held by all. Refreshments were served by the hostess and all else done to make everybody have a delightful time.

Owing to a break in the pipe line near the Harvey Peters place Tuesday Johnstown was without a gas supply from 11 o'clock a. m. until 5 p. m. the same day. As a consequence there was lots of picnic dinners eaten, visits to neighbors who fortunately had coal stoves and a general hustling around to get and keep warm. Everything now however is in good running order again with plenty of gas to burn.

Perry Hoover and family shipped their household goods to Newark the first of the week where they will make their home. William Ritts, who bought the Hoover property has also moved from the Owens property to his new purchase.

The derelict is about completed and other work done in readiness for drilling a gas well on the E. M. Baker place. This location is the nearest to Johnstown of any well which has been put down and if a good casing is obtained practically opens up a new field.

Mr. and Mrs. T. P. Hoover entertained for dinner Tuesday, Mr. and Mrs. P. M. Hoover, Mrs. Oscar Pratt and Mr. E. C. Hoover in honor of the first named guests who are removing to Newark this week.

Tida Hart has recently purchased a fine driving mare of W. C. Woods of Richmond, O. The mare is a beauty and is fast enough to take the boys a merry clip down the pipe having a mark of 2:10.

Toledo, O., March 30.—With the driver perched on top of a load of hay, which, unknown to him, was all ablaze, whipping his team for all it was worth, with two fire companies chasing him, an immense throng on Starr avenue, East Toledo, were treated to a most unusual spectacle at noon yesterday.

Joe Beloz, the owner and driver of the hay, had whipped three boys for stealing a ride. No sooner were the boys unshod and the man on his wagon again than they set fire to the boys pushed and the man on his

an alarm and down upon him came the fire department.

"Thinking they were trying to pass him, Beloz started his team on the run, unwilling to be beaten in a race with the firemen, and had gone several blocks before the heat attracted his attention, supposing the frantic yells of passers by were meant to cheer him on and keep him posted on the progress he was making. The rig was finally stopped and the fire extinguished, after destroying the whole load of hay. Later the three boys were arrested.

## HALTER PLANT TO BE ENLARGED

E. T. Rugg & Co. Will Increase the Force as Soon as Improvements at Plant are Made.

E. T. Rugg & Co., halter manufacturers, are about to begin the construction of a new building 30x100 feet in extent at their North Newark factory to accommodate the growth of business. This company now employs about 60 people and the addition about to be made will mean the increase of the force to over 100 hands.

The company will build an additional warehouse and tarring plant and will more than double the rope-making department of the factory.

Mr. Rugg began the improvements several months ago and is now pre-

paring for more building. The Rugg Company has one of the most complete halter making factories in the country and the wide sale of the Rugg halters and constantly growing business have warranted Mr. Rugg in deciding upon enlarging the facilities of the plant.

## SPORTING GOSSIP

Manager Bates said today that he had received a letter from Manager Hendricks of Springfield asking for dates. Hendricks wants the Newark bunch to come to Springfield April 14 and 15 or April 21 and 22. Bates will give Springfield the latter dates in Newark, but he doesn't propose to take the team out of the city during the training.

The Newark manager has a string on a pitcher who is held by the St. Louis American league team and from all indications the young man will be one of the mainstays of the local pitching staff this year. All that is necessary is his release from St. Louis. The lad in a letter to Bates speaks a good word for Outfielder Bradley, signed by Bates.

The Thunderville (Zanesville) bowling team will blow into the city Tuesday for a round with the local bowlers at Music Hall.

A big quintet tourney is in progress at the Music Hall alleys today. The games will be rolled until midnight. A large number of quintet rollers from neighboring cities, as well as local adepts are rolling.

A quintet team from Columbus will be the opponents of the Music Hall quintet team at the Music Hall Monday night. An exciting game is promised.

Shooting Rouses Indians. Muskogee, I. T., March 29.—A posse of deputy marshals hunting the trio of Wickliffe Indian outlaws in the Cherokee nation have shot and killed a crippled boy and captured the latter's uncle, Vassart Baltridge, suspected of sympathizing with the Wickliffe, according to an Indian who arrived here from the hills. The officers rushed Baltridge's house. The boy ran and was shot through the abdomen. The shooting is said to have aroused the full-blood Cherokee Indians.

## WEHRLE PLANT AGAIN IN FULL OPERATION

HIG FOUNDRY IN WEST NEWARK WAS IDLE FOR ONLY ONE DAY.

Nothing New Has Developed in Rumor of Reorganization of the Wehrle Company.

The Wehrle foundries resumed operations Friday morning as usual, with the full force of its employees at work. No reason for the closing of the plant Thursday has been given, other than that the warehouses were full.

Nothing new has developed in the rumored report of a reorganization of the firm and a change in the management.

KEEP YOUR HEAD UNCOVERED.

The Constant Wearing of a Hat Propagates Dandruff Germs.

There are many men who wear their hats practically all the time when awake, and are blessed with a heavy shock of hair; yet if the scalp of these same men once became infested with dandruff germs, the parasites would multiply all the quicker for lack of air. Baldness would ensue as the final result. Newbro's Herpicide kills these germs and stimulates unhealthy hair to abundant growth. Herpicide is a pleasant hair dressing as well as a dandruff cure and contains not an atom of injurious substance. Sold by leading druggists. Send 10c. in stamps for sample to The Herpicide Co., Detroit, Mich.

Exposition at Tampa. Washington, March 30. — President Roosevelt was asked to give his interest and support to another international exposition. It is the desire of the people of Florida that such an exposition be held in Tampa in January, February, March, April and May of 1908, to commemorate the beginning of the digging of the Panama canal. Representative Sparkman of Alabama introduced J. L. Brown of Tampa to the president and they discussed the exposition project. The president was not enthusiastic about the proposition, as he said he had about all the work on hand concerning expositions that he could stand.

## IN BAREBACK ACT SHE BARELY ESCAPES DEATH

Those who were at the initial performance of Barnum & Bailey's Show at Madison Square Garden could not escape witnessing the dramatic moment when Josie De Mott, the famous woman bareback rider, fell from the back of her horse, striking the curb of the ring with terrible force.

Miss De Mott was attempting what is known among circus performers as the "side seat," a feat considered very difficult even for a man. It consists of leaping from the ground to the back of a horse, landing on the side, then repeating the same movement on the opposite side, thus on and on, while the animal is encircling the ring at full speed. The cause of the accident was the fact that Miss De Mott was using a new horse. During a critical moment he swerved a trifle, causing the rider to miscalculate the distance, thus causing what might have been a tragedy.

Although suffering intense pain, Miss De Mott refused to leave the ring and completed her act with a triple somersault, from the back of the horse. While badly hurt, Miss De Mott will be able to return to work in a few days.

## APPEAL MADE

(Continued From Page 1.)

originally fought labor contest of modern times. Mitchell himself has declared that the strike will not be characterized by riot and bloodshed, which the operators feared.

Announcement yesterday that the coal operators are maintaining an information bureau in the east has developed the fact that the miners have plans for a campaign of education to meet it.

It is no secret in Indianapolis that figures on cost have been ascertained for the publication of a great labor daily. The people back of the move are miners, and Indianapolis has been selected for this paper because of its central location among the coal producing states.

During the great anthracite strike in 1903, Mitchell frequently declared that the railroads with direct coal interests were responsible for many of the mine conditions prevailing and when the strike was over he set himself to the study of railroads. Those close to Mitchell, say that he has pursued the study ever since and that when he forced the subject of railroad interests in mines upon the joint conference late yesterday it was not the inspiration of the moment, but what he believed to be a trump card.

Protests of the operators that the railroad question did not affect the question of wages failed to turn Mitchell aside from his purpose in joint conference yesterday afternoon when he repeated his pointed questions regarding the relations of certain coal companies and certain railroads.

Dr. Hamilton of Columbus was called here Wednesday in consultation over the Mrs. Samuel Fishbone case.

## Need Not Wear Her Out

The drudgery of house work seems never ending to tired-out, dispirited women who suffer from female complaints or irregularities. Inflammation and ulceration cause fearful bearing-down pains which are aggravated by much standing on the feet, and lifting necessary in house work.

But let no woman despair of relief from this torture. That famous tonic retractor of diseased or disordered female organism,

has cured more than one million American Women, and it will cure you. When troubled with painful irregularities, when backaches and headaches drive out all ambition, Lydia E. Pinkham's Vegetable Compound will bring back health, strength, and happiness.

### It Gave Me New Life and Vigor

DEAR MRS. PINKHAM:—Last spring, while we were moving, I did considerable more work than my strength permitted, and, having mental trouble at the same time, my health broke down completely and I found myself unable to rest or eat. My nervous system became shattered and I was pale and emaciated and had to take to my bed. My sister advised me to try Lydia E. Pinkham's Vegetable Compound, and, although I had no faith in patent medicines, I was so miserable that I would take anything for relief. I found that it made a complete change for the better, inducing appetite and restful sleep and imparting new life and vigor to my entire system. I gained nearly fourteen pounds, my complexion looked fresh and clear, and my best friends were surprised and pleased at the change and could hardly credit the fact that Lydia E. Pinkham's Vegetable Compound had accomplished it.

## MATERIALS

Are Slow in Arriving at Utica Causing Delay in Operations of the Advance Glass Co.

Utica, O., March 30.—The Advance Glass company has been greatly delayed by the slow arrival of materials, but if no further delays occur they expect to be able to start operations next Monday. The company will manufacture rough rolled sheet glass, in crystal, colored, plain, figured, opal, and special designs, what is commonly known as cathedral glass. The process of manufacture is entirely different from that of the blown window glass, after the materials are melted. A chief asset of the company is the secret process of mixing colors. Mr. Wolfen, the manager, is one of the most skilled men in his line in America, and with such a plant as he has built here at Utica, with all the modern conveniences, it can be expected that the product will rank with the finest in the world.

Utica has reached such size that a system of house numbering is sorely needed. It is almost impossible at

present to direct a stranger to the home of any certain citizen, and such directions are needed in many cases every day.

## FOUND A TRAMP

In the Kitchen Leisurely Cooking His Dinner When Lad Came Home From School.

Paul, the 12 year old son of Dr. W. L. Jackson, had a thrilling and startling experience about 11 o'clock Friday morning. Dr. Jackson was visiting his patients and when Paul returned home he found a tramp in the kitchen, with a skillet in his hand making preparations to cook a meal. Paul, although badly frightened, caught up a butcher knife and ordered the man to leave the house, which he did without arguing the matter. In fact so great was his hurry to leave that he did not take time to go down the steps, but fell over the banister. He picked himself up and ran and disappeared.

When the parliamentary writ for the recent elections arrived at Dover the other day it was saluted with three blasts from the ancient "burgh-note" horn. Why? Because such votes have had that reputation at Dover for 500 years.

## WEDDING

OF MR. RALPH WYETH AND MISS ALICE WYETH SOLEMNIZED THURSDAY EVENING.

Two of Newark's Popular Young Society People Pledge Their Truth With Simple Ceremony.

One of the prettiest weddings of the season was solemnized Thursday evening, when Miss Alice Wyeth, second daughter of the late Mr. and Mrs. John H. McCune and Mr. Ralph Wyeth were united in marriage at the home of the bride on North Fifth street, Rev. T. A. Cosgrove officiating. Promptly at 8 o'clock, to the exquisite strains of Mendelssohn's Wedding March, played by Marsh's orchestra, Mrs. Frank Kennedy of Newark and Mrs. Augustus T. Seymour of Columbus, descended to front stairs, carrying the white ribbons, which were held until taken up by the ribbon carriers, Mr. Lee Wyeth of Newark and Mr. James Cooper of McComb. The ribbons were carried through the hall into the parlor, forming an aisle for the bridal party. Then followed the groom and best man, Mr. Walter Flory of Cleveland.

Miss Julia McCune, the maid of honor, lovely in a gown of white silk, with real lace collar, trimmings of cotton, and carrying a bouquet of white lilacs, preceded the bride, who was beautifully gowned in white princess lace over colored chiffon over white silk. The long tulle veil was caught up with a crown of lilies of the valley, and she carried a shower bouquet of lilies of the valley and orchids.

The bridal party stood in the parlor before the fire place. The mantle was backed with southern smilax, a subdued radiance being shed upon the whole from a row of white candles placed in cut glass candle sticks. Above this was an immense arch of southern smilax, the strands of the smilax drooping gracefully to the floor. At either end of the aisle of ribbons was placed a pedestal and upon these cathedral canopies, the color of feet of green and white being carried out throughout the room.

Rev. T. A. Cosgrove performed the impressive ring ceremony, after which congratulations were showered upon the newly wedded couple.

An elaborate wedding supper was served after the ceremony, the bride's table being placed in the breakfast room, the walls of which were entirely draped in white, artistically covered with southern smilax. The decoration for the center of the table was unique and beautiful, a circle of hoop, draped in white around which was entwined smilax and set with numerous lighted white candles forming an immense circle within which were placed masses of smilax strands, which extended beyond the circle. Beside each place was an individual cut glass candlestick with white candle. Dainty place cards, combined with "one look's" work of the maid of honor, Miss Julia McCune, were a white with the monogram "W-M" the date and name of the guest in gold, tied with white satin ribbon.

Seated at the bride's table were Mr. and Mrs. Wyeth, Miss Julia McCune, Mr. Walter Flory, Miss Kathryn Simonds, Mr. James Cooper, Miss Jack Erick and Mr. Lee Wyeth. When the bride's cake was cut, the ring was received by Miss Simonds, the silver coin by Miss Erick, the button by Mr. James Cooper and the tumbler by Miss Julia McCune. The bride standing on the stairway, threw her bouquet which was caught by Miss Evelyn McCune of Columbus.

Mr. and Mrs. Wyeth left at 11:15 for Columbus from which place they will go to southern Florida for several weeks, after which they will be a home at the White home on Grandville street.

Miss McCune is one of the popular young women of Newark society, and has won a host of friends by her charming personality.

Mr. Wyeth is the elder son of Mr. A. G. Wyeth and is manager of the A. G. Wyeth Ship Works.

The guests at the wedding were Mr. and Mrs. Frank Kennedy, Mr. Edgar, Mr. Alice H. Wyeth, Mr. and Mrs. H. P. H. Wyeth, Mr. and Mrs. William C. Wyeth, Mr. and Mrs. George Blood, Mr. and Mrs. Cosgrove, Mrs. Kathryn Simonds, Miss Jack Erick, Mr. A. G. Wyeth, Mr. Lee Wyeth, Mr. James Cooper, Mr. Walter Flory, Mr. Charles Flory.

The out of town guests were Mr. and Mrs. J. C. Strachan, Dr. Wayne, Mr. H. C. Gwin and Mr. John S. Strachan of Indianapolis, Ind. Mrs. Jones McCune, Mr. Jones McCune, Mr. P. J. McCune, Mrs. Herbert McCune, Mr. and Mrs. William Flory, Mr. and Mrs. John Chester, Mr. Edmund Miller, and Mrs. A. T. Seymour, all of Columbus, Mrs. C. H. Flory, Dr. Sherman, Dr. Mrs. Elizabeth Thomas of Dayton, Mrs. Scott Wilson, Miss Jack Erick of Lancaster, Mr. Charles Thompson of Brattleboro, Vermont, Mr. James Cooper, Mr. Combs O. Miller, Wheeling, Mr. Dan Flory, Pittsburgh, Pa., Mr. Walter Flory of Cleveland, Mrs. Albert Verlich, Conneville, Pa.

An interesting feature of the occasion was the announcement of the engagement of Mr. Elizabeth Thomas

of Dayton, formerly of this city, and Mr. Harry Davis, son of Mr. and Mrs. W. H. Davis.

## PRENTISS-KNOX

Brilliant Nuptials at Columbus, a Former Newark Young Woman Being the Bride.

Columbus, March 30.—A brilliant assemblage of society people witnessed the marriage of Miss Virginia Knox and Mr. Stanton Green Prentiss, which took place last evening at 7 o'clock at Broad Street Presbyterian church. The stately edifice had its interior elaborately decorated for the occasion. Palms and Southern smilax were arranged with beautiful effect and on the pulpit a basket of roses and Easter lilies added an artistic touch. Pink and white prevailed everywhere in decorations and in the gowns worn by the girls of the bridal party.

Rev. S. S. Palmer read the marriage service. The bride was given away by her uncle, Mr. Stewart Knox. She wore her mother's wedding gown of white satin on princess trimmed with exquisite rose point lace. Her tulle veil was fastened with a diadem of orange bloeoms and she carried a shower of golden gate roses.

Miss Genevieve Wilson of Utica, a cousin of the bride, was maid of honor. Her gown was of white Brussels, set with a panel of Irish point lace, ruffles of yal lace and trimmings of lily of the valley. Her shawl, long and wide, was of pink roses.

The bride's gifts to her maids were gold and silver bracelets. Mr. Prentiss gave his best man and usher gold monogram pocket knives. Mr. Frank Merion, the bride's aunt, with whom she has been making her home, wore a handsome imported gown of white Brussels net with crystal and pearl garniture and with a beatha of Duchesse lace.

Mrs. Frederick W. Prentiss, mother of the bride, wore a superb gown of black velvet with Irish point lace.

Miss Merion wore an exquisite gown of white renaisance lace. Mrs. William Bell of Newark, grandniece of the bride, black gown, lined over white silk; Mrs. A. J. Wilson of Utica, pale blue crepe de chene, with hertha rose point lace; Mrs. Ray K. Smith of Utica, wedding gown of white lace; Mrs. James H. Kennedy of Newark, white crepe de chene; Mrs. Stewart Knox, white lace. The ceremony was witnessed by about 500 guests.

The bride's going away gown was a beautiful affair built of tan broadcloth.

Mr. and Mrs. Prentiss left for a wedding trip—not announcing their destination, and will be at home after May 1, at Arlington.

## PHILIPS-ATWOOD.

Announcement was made Thursday of the wedding of Miss Estella Hatfield and Mr. Fred Phelps on January 7. Squire Atcherley performed the ceremony, but the marriage was kept a secret. Mr. Phelps is the son of Mr. D. H. Phelps and his bride is the daughter of Mr. J. W. Hatfield, the fathers of the young people being members of the firm of "Hedge & Hatfield, coal dealers. Mr. and Mrs. Phelps are now receiving congratulations of their friends at their home in Oakwood avenue.

## CASSELL-JOHNSON.

Miss Lora Johnson of Utica and Mr. Louis C. Henry Cassell were married Friday morning by Rev. T. A. Cosgrove at the manse on North Second street.

## Confession and Arrest.

Yankton, S. D., March 29.—As the result of a confession said to have been made by Elmer Jordan of Vermillion, Richard Brueschweiler, formerly a student at the University of South Dakota, at Vermillion, was placed under arrest here on the charge of being implicated in the burning of several buildings in Vermillion last summer. The confession by Jordan was the result of his conversion at a Methodist revival which was held at Vermillion last week. The fires which were set by incendiaries last summer caused a loss of close to \$20,000.

## Advance Glass Prices.

Pittsburg, March 29.—Representatives of 50 independent window-glass manufacturers, controlling 1,000 panes in this city and voted to advance the price of their product 10 per cent. Efforts were renewed to establish a selling agency, but no agreement could be reached on the plan and it was dropped for the present.

## Carmack's Amendment.

Washington, March 29.—Senator Carmack offered an amendment to the railroad rate bill making the initial railroad liable for damage to freight transferred to a connecting line. The amendment has been favorably passed on by the senate committee on interstate commerce.

Mid afternoon is the best time to exercise.

CONSENT

All That Was Needed to Make Her a Wife, Thought Mrs. Leitch—An Estate Involved.

Chicago, March 30.—The legality of a "home made marriage" is being questioned in the Probate court, where Mrs. May B. Leitch is fighting to retain possession of property in Knox, Ind., owned by her husband, who is confined in the Elgin insane asylum.

"Walter just asked me to become his wife, and I accepted him," was the manner in which the wedding ceremony was performed by the principal witnesses.

Mrs. Leitch is ranged on one side with her friends, and on the other side are Marie E. Leitch, conservatrix of her brother's estate and another sister, Dolly Leitch. They are seeking to prevent Mrs. Leitch from securing possession of a hotel and farm lands in Knox, Ind.

MOTIONS FOR NEW

TRIALS TOMORROW

CIRCUIT COURT ADJOURNS TO MEET HERE AGAIN NEXT TUESDAY.

Two Damage Suits are Filed in Common Pleas—Court House Items.

All motions for new trials will be heard tomorrow morning in Common Pleas court and sentences passed upon. The Henry Fisher case was among the matters considered.

In Circuit Court.

In the case of Friend Jones vs. Jasper Jones, the motion for the appointment of a special master commissioner was overruled, the court holding that upon the issue as presented that court has no right to inquire into the partnership accounts further than may be necessary. The matter will be heard by the Circuit court next week.

Elind Shrader, administrator, vs. Amanda Maholm, administratrix. The court affirmed the judgment of the Common Pleas in dismissing the petition.

William Geach vs. Edwin E. Sinner, loss of master commissioner to be paid equally by plaintiff and defendant; plaintiff to pay balance of costs.

Abel J. Wilson, administrator, vs. Margaret A. Hill et al, denurrer to petition sustained.

The case of St. Luke's church vs. Village of Granville, was argued and submitted to the court Friday.

Circuit court adjourned to 9:30 Tuesday morning when the Crossmock vs. Crossmock will be taken up.

Suit Against Traction Company.

William Thompson has commenced suit in the Common Pleas court against the Columbus, Buckeye Lake & Newark Traction company for \$25,000 damages. Plaintiff says that on November 3, 1905, while he was driving eastwardly on East Main street, in a two horse wagon, and while attempting to cross over the tracks of defendant company so as to drive into Monroe avenue, his wagon was struck and run into by a car of the defendant, throwing the plaintiff from the wagon a distance of 50 feet; that he sustained a compound fracture of his left thigh, the fracture of two of his ribs on his right side, and received two severe scalp wounds; that he was confined to the hospital for six weeks, and is still suffering from his injuries; that he will remain permanently crippled and his left leg is shorter than his right by about three inches.

Plaintiff says that he was injured by no fault or negligence on his part but solely by the negligence and want of care of the defendant, and its servants in charge of the car; that at the time of the accident there was no headlight on the car or any other kind of light upon the westward end of the car; that no signal of the approach of the car to that point where Monroe avenue starts northward from Main street, was given; that the car when it struck the wagon was running at a speed of 25 miles per hour. Plaintiff says he has been damaged in the sum of \$25,000 for which he asks judgment. Kibler & Montgomery and Eric Sloane and E. G. Lloyd, attorneys for the plaintiff.

Suit for \$10,000.

Rufus Satterfield has commenced suit in the Common Pleas court against the Wehrle company for \$10,000 damages. In his petition the plaintiff alleges that on August 19, 1905, Frank Lowe was in the employ of the Wehrle company as a special officer; that on the night mentioned, between the hours of 10 and 11 o'clock, he, the plaintiff, was at or near the junction of Main and First streets, when Lowe assaulted him, striking and beating him over the head with a revolver, producing a bad scalp wound, and after beating him into submission, Lowe, together with another person, took him into custody under pretense of an arrest, during which time, lasting for a period of about 30 minutes, he was threatened in a menacing manner, fearfully mistreated, abused, roughly handled, struck and beaten to his damage in the sum of \$500.

Plaintiff says that the assault made on him was made without cause or provocation on his part, either to Lowe or his employer, the Wehrle company. He therefore asks judgment for \$5000 damages, and for \$5000 exemplary damages and for costs of this action. Eric Sloane and E. G. Lloyd attorneys for the plaintiff.

To Probate Will.

Attorney J. V. Hallard went to Columbus Friday to have the will of his sister, the late Mrs. Mary D. Kniss, admitted to probate.

DELIGHTFUL PROGRAM

Given at the First Presbyterian Church Thursday Evening by Pastor's Aid Society.

The third division of the Pastor's Aid Society of their First Presbyterian Church, gave a delightful evening's program in the church parlors last evening. There was a large attendance, in spite of the disagreeable weather. The following program was rendered:

- Vocal duet, Rollin Williams and Edward Baker.
- Vocal solo, Mrs. Bertha Doomey Roe.
- Piano solo, Prof. V. Raymond Nold.
- Vocal solo, Prof. W. W. Flora.
- Violin solo, Prof. A. L. Judson.

After the rendition of the program light refreshments were served. The next and fourth entertainment will be given in the coming month by this society.

Y. M. C. A. Contest.

Interest grows as the contest draws near the end. But one more day is left. It will be off and the score announced at 10 o'clock Saturday night. Last night the "Whites" had their "showdown." It was very successful, especially in the manner most desired—namely, in bringing in new members. The "Reds," who have been in the lead, became very uneasy. They had good cause for the "Whites" are near them. The "Blues" are busy also, and may have a big surprise in store for Saturday night. It is certain that the contest will be close and this fact will serve to increase the interest Saturday evening.

Any member or stranger who wishes to behold an interesting spectacle is invited to come in Saturday evening. He will see a sight not unlike some scenes in our large Boards of Trade, so far as strenuousness of effort is concerned.

Tonight, Tag you're it at Palace Rink.
